A message from leadership

To our clients and stakeholders;

At Nexia we are dedicated and committed to our brand promise "Closer to You". Nexia AL is an independent member of Nexia International since 1 November 2020.

Nexia International announced in March 2021, that according to the latest International Accounting Bulletin (IAB) World Survey, the network has risen one place since last year, to become the 8th largest global accounting network, as measured by fee income.

In 2022, we will remain focused on making a difference in audit quality and innovation and infrastructure, because that will shape the future of our profession.

Covid-19 pandemic situation challenged us with unpredictable situations, and adapted us to new ways of thinking and working together, while facing new audit risks and responses to them. The ability to maintain high quality while adapting to the virtual work environment enforced trust to our people and clients.

This Transparency Report for 2021 is published in accordance with Law on Auditing requirements, for audit companies performing audits of financial statements of public interest entities in Albania.

The Transparency Report for 2021 discloses information about our company with regards to the legal structure and shareholders, the network to which the company belongs, its governance, the internal quality control system that it follows, the external monitoring on behalf of The Institute of the Authorized Chartered Accountants of Albania (IEKA) and the Public Supervisory Board (BMP) in Albania, the public-interest entities to which it has carried out statutory audits, the financial information relating to its financial condition and finally, the basis of remunerating its statutory auditors.

It is an outstanding and unique privilege to lead Nexia AL as we continue our journey dedicated to enhancing the value of our services and the audit profession.

Sincerely Orjana Kalaja, FCCA, AL

Managing Partner Nexia AL

Internal Quality Control System

Description of the internal quality control system

Our company has designed a Regulation for the Quality Control System which contains the principles and procedures that have been determined and applied by our audit staff for the performance of the audit work undertaken and are analyzed as follows:

Application of ethical code

- Integrity
- Independence and objectivity
- Professional adequacy and consciousness
- Confidentiality
- Adequate documentation of all the elements of the company's internal control system
- Continuous supervision and updating of the quality control policies and procedures
- Development of a system of internal values
- Application of standards

Audit Clients' acceptance and continuance

Before accepting any new audit engagement or deciding for the continuance of an existing engagement the following procedures are applied:

- Examining of the credibility of the audited entity and more specifically:
 - The reputation and identity of the members of its management
 - The nature of its activities
 - The non-existence of independence issues
 - Any other related information e.g. unfavorable bank data, violations that were made known, legal arguments etc.
- ➤ Ensuring that there is in place the required organization and manpower for the execution of the assigned work and more specifically:
 - The existence of adequate professionals with the required specialization
 - The possibility of completing the audit within the time limits
 - The necessity of using third parties with specialized skills.
- > The Managing Partner examines case by case if the acceptance or retention of a specific audit affects the company's independence.

INTERNAL QUALITY CONTROL SYSTEM (CONTINUED)

Administration of human resources

Our company applies rules and procedures which provide reasonable assurance that it has capable professionals with professional adequacy and commitment to apply the ethical and independence rules. The company's rules and procedures cover issues related to the staff that it employs such as:

INDEPENDENCE & CONTINUOUS EDUCATION

Independence

Independence practices and rotation

Our company's practices are designed so that our professionals comply with the independence practices concerning specific audit engagements, in accordance with the independence standards of the International Ethics Standards Board of Accountants of the International Federation of Accountants (IESBA) and of the Institute of the Certified Chartered Accountants (IEKA) of Albania.

Furthermore we follow strictly the rotation rules as required by the local regulations in Albania with regards to audits of banks, non-banks, and insurance clients.

All partners and staff when involved in an audit team and starting individual work under an engagement of a specific client shall complete a declaration stating whether he/she has knowledge of any circumstances that could compromise the independence with regard to this client.

Education

Continuing education of statutory auditors

Our strategic objective is to attract talented professionals. We are proud for our people and we are doing whatever is necessary for their progress.

Our audit professionals obtain internal trainings at least once a year. Furthermore based on the experience level our staff is strongly encouraged and supported to obtain membership in ACCA and IEKA.

Professional development occurs through coaching and experiences our professionals receive on the job. Coaching helps to transform knowledge and experience into practice. Experienced professionals are expected to coach and develop less experienced personnel to create a continual learning environment.

In addition to the above, all registered auditors in Nexia AL maintain their qualification through continuous education and training courses, organized internally or by the IEKA and ACCA.
